LAVA MEN COMMAND FILES!

FILE NAME: Salbert, Prince of the Sea  
LAVA MEN SPECIALTY: Aquatics Expert  
PRIMARY WEAPON: Harpoon Gun  
SECONDARY ABILITIES: Rumored that time under the sea  
has caused mutations such as crustaceon-like appendages.

In 2012, Uncle Monsterface, present-day protectors of Dino-Skeleton Island, uncovered artifacts and artworks indicating an ancient team of iconic heroes who came before them, The Lava Men. The artifact of The S.C.U.B.A. Diver was the second to be unearthed, and with it the wrath of an ancient and powerful force of evil. Somewhere in the darkest depths of the ocean, a massive lidded eye stirred, and the fury of the Giant Squid was once again awakened. In its rage, cities tremble and mountains fall. Only the return of the S.C.U.B.A. DIVER can quell the beast below...
